Old business

2-Meter Net Report: Mike, NØZH, reported that there was a total of 104 check-ins for the month of September.

Net Results:

Sep 15	NØZH	11
Sep 22	NØSS	25
Sep 29	KDØGRV	20
Oct 6	KDØGRM	31
Oct 13	NØSS	19

Upcoming Net Controllers:

Oct 20	KDØGRU
Oct 27	NØZH
Nov 3	AF6GT
Nov 10	WA2KBZ

Please contact Mike at [REDACTED] or by phone at [REDACTED], if you will not be able to call the net you are scheduled for so other arrangements can be made.

2-Meter Repeater report: Tom, NØSS reported that the repeater was down for 24 hours recently. The battery pack for the UPS died. A power strip was purchased to get the repeater back online, but there is currently no backup power. The Technical Committee and officers will meet later to discuss options.

Last year the club was given several 12V, 75Ah batteries and these were distributed to club members that expressed an interest. If you find that you are not using them or do not have a current use for them and would like to donate them back to the club, please let Tom know.

Digipeater report: Rick, KCØPET, reported that little has changed since last month. There were several offers for enclosures and one that Kent offered will work. There are still some odd parts needed but should be easily sourced and/or donated. The digipeater is currently off the air and is still a work in progress at this time.

Missouri Emergency Packet Network (MEPN): Jim, NØTKN, reported that the 6-meter transmitter took a lightning strike. The receiver portion functions ok, but there is currently no transmit operation. You can still make a connection through Centralia to St. Louis.

Emergency Coordinator's report: Joe, KBØQHZ, reported that nothing has been going on with the local EC. The Osage County EOC now has the callsign W0SGE and has asked for help getting a packet station set up. Rich, NØJBF, will be covering for Joe while Joe is out of town from 10/25 through 11/4.

VE Liaison's report: Tom, NØSS, reported there are no exams scheduled. Nancie currently has the VE materials.

CW Classes: Tom, NØSS, reported that the advanced class is doing well. Kent wrote and sent some messages for the students at a recent class. This class meets before breakfast at 6:45am every Saturday morning at Mel's Country Café.

Mike, WAØZOG, reported that the intermediate class was conducted by Bill and the students were working on 3 and 4 letter words at 20wpm. After receiving, the students switched to sending 3 and 4 letter words. This class meets after breakfast from 9-10am at Mel's.

Rich, NØJBF, reported that he and Andy handled the beginning class and had two people attending. They did a follow-up of the intermediate class by sending 3 and 4 letter words around 15wpm. This class meets at Mel's at 10am.

Training Committee: Mike, KMØS, reported that the Technician class at the Red Cross building is underway. There are anywhere from 15 to 20 students participating. There are still a few more sessions to go. A field activity is scheduled for November 6th from 10am to 2pm consisting of building J-pole antennas. If anyone would like to help with this event, please contact Mike. Mike has fronted 5 manuals for instructors so only 5 manuals will be ordered keeping the cost around $100.

Club Shirts/Jackets/Patches: Bryan, KDØGRU, reported that the T-shirt orders are in. Due to the Columbus Day holiday, they were not available for distribution this evening. They will be available at the next meeting for pickup.

SEMA Callsign: Jim, NØTKN, reported that the issue is almost resolved. Andy volunteered to use his call. Final resolution is still pending.

New business

Salvation Army Bell Ringers: Tom, NØSS, received a letter from the Salvation Army requesting that we help them out by volunteering to be bell ringers this Holiday season. The shifts will last 2 hours with various dates and locations. Judy, KDØAJF, will coordinate details of this event after Tom sends out a group email.

100 Mile Run: Mike, WAØZOG, received an email about a 100 mile endurance run through the Mark Twain National Forest on 11/6 and 11/7. They are looking for hams to provide communications support for the event. This would be similar to the MS Bike Ride and other walkathon events that we do. If anyone is interested in helping out, contact Mike for further information.

WØO Special Event: Kent, K9ZTV, reported that the preparations will begin with everyone meeting at the Eastland McDonalds at 2pm on Saturday, October 30th. The group will caravan out to the site to set up the stations. Operation will officially begin on Sunday morning and run into the evening. Please bring a contribution if you wish to eat with the group. Tear down will be either late Sunday evening or early on Monday morning.

Announcements:

None

Presentation:

None.

Respectfully submitted: Mark Eberle (KIØY), Secretary-Treasurer.
