Current Bank Balance:	$7,480.80

Old business

2-Meter Net Report: Mike, NØZH, reported that there was a total of 82 check-ins and one piece of traffic for the month of August.

Net Results:

Aug 18	KDØGRV	18
Aug 25	NØZH	17
Sep 1	KDØGRM	19
Sep 8	NMØC	29

Upcoming Net Controllers:

Sep 15	NØZH
Sep 22	NØSS
Sep 29	KDØGRV
Oct 6	KDØGRM
Oct 13	NØSS

Please contact Mike at [REDACTED] or by phone at [REDACTED], if you will not be able to call the net you are scheduled for so other arrangements can be made.

2-Meter Repeater report: Tom, NØSS reported that the repeater is still working, however the autopatch is still down.

Digipeater report: Rick, KCØPET, reported that the digipeater is alive and working again! It is not at the site, but rather operating from Rick's house. Tom donated a radio and TNC to get it back up and running. More work needs to be done at the site. Tom moved that Rick spend a reasonable amount of money for an enclosure to house the digipeater and the motion passed.

Missouri Emergency Packet Network (MEPN): Jim, NØTKN, reported that there have been no updates. The site around Concordia is still being investigated.

Emergency Coordinator's report: Joe, KBØQHZ, reported that he and Rich attended a planning meeting for the January SEMA exercise.

J.D., WAØBER, will be going to the bootheel region to talk to other EC's about what will be involved. The next planning meeting will be at the end of the month in Poplar Bluff. There is a meeting next Saturday with 50-60 hams in District E to go over sites to be staffed. Fifteen sites are envisioned when complete.

Rich, NØJBF, added that J.D. gave a very good presentation at the January planning meeting on what can and cannot be done with ham radio with regard to exercise drills.

VE Liaison's report: Tom, NØSS, reported that there are two exams to give after the meeting. With help from Nancie, NMØC, the corrections and changes from the ARRL have been incorporated into the exams. Last weekend Tom made two machine readable copies of two different exams so that they can be loaded onto a laptop and read with Adobe Acrobat. The exams can then be enlarged so that visually challenged examinees can better read the questions/answers.

Please remember to respond to VE related emails if you are a current VE even if you cannot help with upcoming exams.

CW Classes: Tom, NØSS, reported that the advanced class is doing well despite the thin turnouts recently. Students have been turning their keyer speeds up and sending faster than they're used to. In some cases the sending improved compared with the lower speeds. This class meets before breakfast at 6:45am every Saturday morning at Mel's Country Café.

Bill, W4RK, reported that the intermediate class is also going well with good enthusiasm. Students are learning to copy in their heads. This class meets after breakfast from 9-10am at Mel's.

Kent, K9ZTV, reported that the beginning class has had some new people join in. This class meets at Mel's at 10am.

Training Committee: Mike, KMØS, reported that the Technician class for the Red Cross starts Tuesday evening. Ten sets of books will be ordered for 17 students. Since the new Technician class study books changed a couple months ago, Mike requested that the club consider purchasing a half dozen or so books for use with the training classes. Kent, K9ZTV, moved that the club purchase books for the instructors to use. Chuck, AF6GT, seconded and the motion passed. Mike will determine the quantity to be ordered.

Club Shirts/Jackets/Patches: Laura, KDØGRV, proposed that the club order basic T-shirts to get the first order placed with MVE. The shirts will have the small club logo on the left chest and a larger logo on the back. Laura will also check on the option of adding a callsign as well. The shirts will be colored Oceana Blue. Tom, NØSS, will send out an email with instructions for placing orders. The hope is to have them available by the next meeting for those who placed orders.

SEMA Callsign: No report.

Merit Badge University: Kent, K9ZTV, reported that the six scouts that had signed up to work towards the signaling merit badge have successfully completed the requirements and will be receiving their badges at the next troop court of honor. A troop in Columbia has since contacted Kent and Bill asking if they would help about 20 scouts in their area work towards this same goal. On October 30th, Kent, Bill, and Karl will be doing a 3-hour study session in Columbia for these scouts and will need more help. Finally, a troop in Washington has also requested help for about 20 scouts as well.

New business

None

Announcements:

The Frankenstein special event station, WØO, will again take place on Halloween night. More details will follow.

MS Bike Ride takes place this weekend. For those participating, be sure to program the new frequencies in your radios beforehand!

Presentation:

Jon, NØOFJ, gave a detailed presentation on foxhunting.

Respectfully submitted: Mark Eberle (KIØY), Secretary-Treasurer.
