Old business

2-Meter Net Report: Mike, NØZH, reported a total of 73 check-ins in January.

Mike mentioned that several members of the Callaway Amateur Relay League (CARL) have been checking in recently. If we would like to reciprocate and check into their net, it is held on Wednesday evenings at 8:45pm on the Fulton repeater, 147.315(-).

Net Results:			Upcoming Net Controllers:	
Jan 19	NMØC	29	Feb 16	NMØC
Jan 26	NMØC	20	Feb 23	KDØGRM
Feb 2	KDØGRM	25	Mar 2	KDØBVQ
Feb 9	NØSS	22	Mar 9	KCØPET

Please contact Mike at [REDACTED] or by phone at [REDACTED], if you will not be able to call the net you are scheduled for so other arrangements can be made.

2-Meter Repeater report: Tom, NØSS, reported that the repeater is functioning well. There have been no reports of dropouts, sensitivity loss, etc.

Digipeater report: Rick, KCØPET, reported that the progress has been slow in packaging the digipeater into the enclosure. Steve, KDØGRM, and Nancie, NMØC, donated some ground rods for use at the site. Installation will wait for warmer weather. There is still a need for some #2 or larger ground wire.

Missouri Emergency Packet Network (MEPN): Jim, NØTKN, reported the system is working fine. The 6M antenna favors the east. To connect to Columbia it is best to connect through Callaway first. The network was used with success during the recent communications exercise.

Emergency Coordinator's report: Joe, KBØQHZ, reported that the communications exercise held on January 27th went well and had a good turnout. There was good participation among local and out of county hams. A lot of comments were received for future events and some problems were identified with the packet system.

J.D., WAØBER, added that there were two after action items that stood out. There is a need for more trained message handlers and more NCS operators for the local repeaters. As a side note, the National Guard is looking to add ham operators for their armories.

Rich, NØJBF, in trying to coordinate the efforts of the Jefferson City ring, thanked all those that participated in the exercise. There were six stations in the ring which was the largest turnout yet.

Joe announced that due to a conflict of interest, he has resigned as the Emergency Coordinator for Cole County as of January 21st and has taken the position of District Emergency Coordinator. Filling the role for the Cole County EC will be Rich Kreiser, NØJBF.

Mike, NØZH, reported that there will be a weatherspotter class in Fulton on March 3rd. The class will be held at 2pm and again at 6:30pm. The location will be the Callaway County Extension Office.

If you are interested in working with the JCPD ham station and have not already contacted Joe, please let him know so he can get the list of names turned in.

Finally, the date for the National Level Exercise (NLE) is set for May 16th through the 20th. More information will follow.

VE Liaison's report: Tom, NØSS, reported that there were two exams last month and both passed. There will be two exams following the meeting.

CW Classes: Tom, NØSS, reported that the advanced class is going well. All are improving and Tom is trying to come up with some different methods of teaching. This class meets at Mel's Country Café at 6:45am on Saturday mornings.

Bill, W4RK, reported the intermediate and beginning classes are also going well. Kent, K9ZTV, and Bill will be bringing radios to class to demonstrate how to zero beat CW signals. The intermediate class meets at Mel's after breakfast on Saturday mornings at 9am, while the beginning class meets an hour later at 10am.

Training Committee: Mike, KMØS, reported that there are requests for two more training classes. A technician class and a general class will be investigated. Emails have been sent to the instructors and the next item to be worked out will be when the classes are held.

Club Shirts/Jackets/Patches: Mark, KIØY, reported that there are a limited number of patches that were made when the recent T-shirt order was placed. They were made available after the meeting for purchase.

By-Laws: Mark, KIØY, reported that the proposed updates to the by-laws had been sent via email to all current members for review. There was a lengthy discussion about the changes, but voting will take place at a future meeting. All additional comments to be considered should be sent to the club officers directly or through the link on the website.

New business

Red Cross MOU: Rich, NØJBF, reported that the club received a draft Memorandum of Understanding (MOU) from the Red Cross to be agreed upon between the two organizations. The club will explore this with the Red Cross.

Grant Money: Karl, WA2KBZ, reported that he was approached with an opportunity to apply for some grant money for the club. Karl will investigate further and report back.

Field Day: Rich, NØJBF, has made some initial contacts and begun checking on vehicles for Field Day. The Porite field has been confirmed as the site location. Items to check on include the picnic, finding someone to work with Tom on interfacing radios, and handling the antenna setup. As a reminder, to operate at Field Day, your dues need to be paid up.

Announcements:

Tom, NØSS, noted that there is are three new lists on the club website of area hams. Please check to see if your info is correct and let Tom know if something needs to be changed.

Tom, NØSS, mentioned that if you would like to reserve a hotel room for the Dayton Hamvention, let him know ASAP. Most rooms are already booked out to around 80 miles.

Presentation:

None.

Respectfully submitted: Mark Eberle (KIØY), Secretary-Treasurer.
