Deposits	$145.00
Current Bank Balance:	$7,662.18

Old business

2-Meter Net Report: Mike, NØZH, reported a total of 72 check-ins in December.

Net Results:

Dec 15	KDØBVQ	14
Dec 22	KDØGRM	16
Dec 29	NMØC	13
Jan 5	NØZH	12
Jan 12	NØZH	12

Upcoming Net Controllers:

Jan 19	NMØC
Jan 26	KDØBVQ
Feb 2	KDØGRM
Feb 9	NØSS

Please contact Mike at [REDACTED] or by phone at [REDACTED], if you will not be able to call the net you are scheduled for so other arrangements can be made.

2-Meter Repeater report: Tom, NØSS, reported that the repeater is working fine although there were reports of "burping". If anyone notices anything unusual with the repeater, let Tom know.

Digipeater report: Rick, KCØPET, pointed out the digipeater at the front of the room and noted that it was functional.

Missouri Emergency Packet Network (MEPN): Tom, NØSS, reported no updates.

Emergency Coordinator's report: Joe, KBØQHZ, reported that he, Rich, NØJBF, and J.D., WAØBER, met with Ken Baremore, WØKRB. Ken is the new ARES Section Emergency Coordinator for Missouri, and would like to find out about all our ARES members. Joe will send an email to the ARES members to inquire about their status and capabilities and report back to Ken.

There is a communications exercise coming up on January 27th. A few more people are still needed to help at SEMA and MODOT. The timeframe is from 9am to 1:15pm. Anyone interested should contact Joe.

J.D., WAØBER, reported that the dates for the February SEMA communications conference are February 9th and 10th at the Lodge of Four Seasons. Pre-registration will be on February 8th. There is a $50 registration fee.

Mike, KMØS, reported that more involvement is still needed for the weekly Skywarn net. This net meets on Tuesday nights at 8pm on the 146.865(-) repeater.

Joe reported that the club will be allowed access to the JCPD ham station upon obtaining the proper clearances. The primary purpose would be to call the club net from this location once in a while rather than from home stations. Six people with two alternates would be given clearance to access this station upon passing background checks. People interested in participating should contact Joe.

VE Liaison's report: Tom, NØSS, reported that there will be a testing session following the meeting for each class of license. New VE's are especially invited to participate to learn how to fill out the forms. Also, responses to email requests for help administering exams are getting better, but could still use improvement.

As a reminder, if you are a VE and have recently upgraded your license and/or address, please notify the ARRL VEC so they can send you the proper credentials for your new license class. Keep in mind that the VEC maintains a separate database from the ARRL general membership so make updates to both places.

CW Classes: Tom, NØSS, reported that the advanced class is going well. This class meets at Mel's Country Café at 6:45am on Saturday mornings. There will not be a CW class on the 29th of January due to many folks attending the hamfest in Collinsville.

Kent, K9ZTV, reported that there was participation in Straight Key Night by members of the CW classes. Kent gave the Best Fist Award to Rich, NØJBF. Bill, W4RK, added that there was also some participation in the CW Rookie Roundup. The intermediate class meets at Mel's after breakfast on Saturday mornings at 9am, while the beginning class meets an hour later at 10am.

Training Committee: Mike, KMØS, reported that there has been a request to have another Technician class this spring. There are also requests to have a General class for the folks who recently completed the Technician class at the Red Cross. More details will follow once it is determined how many instructors are available and what time constraints may exist.

Club Shirts/Jackets/Patches: Bryan, KDØGRU, will work to put together a small list of items and present it to Tom so the catalog info can be placed on the website. Another order for shirts, jackets, etc. will then be collected at a later date.

New business

Mayor's Run For Reading: Kent, K9ZTV, announced that this year's event is scheduled for April 23rd and will begin at 8am at the library. This is a great event for newly licensed individuals to get some operating experience. Stay tuned for more information.

By-Laws: Mark, KIØY, presented a marked up copy of the club by-laws to everyone present. The intent was to bring up discussion on how to update the by-laws and get feedback from club members. During the next meeting the proposed changes can be firmed up and then voted on during the March meeting. This will give time for everyone to provide input as to how the by-laws are revised.

Announcements:

Tom, NØSS, noted that anyone interested in caravanning over to Collinsville, IL for the Winterfest hamfest should meet in the Sears parking lot at 5:45am on Saturday, January 29th. The caravan will depart at 6am.

Karl, WB2KBZ, thanked those who assisted in getting his tower installed.

Presentation:

Rick Bennett, KCØPET, gave a presentation on basic digipeater operation.

Respectfully submitted: Mark Eberle (KIØY), Secretary-Treasurer.
