Secretary-Treasurer's Report:

Previous Bank Balance:	$8,116.09
Electric Bill	- $10.65
Phone Bill	- $34.74
Deposits	$237.50
Current Bank Balance:	$8,308.20

Old business

2-Meter Net Report: Mike, NØZH, reported a total of 65 check-ins in June.

Net Results:

Jun 15	KDØGRM	10
Jun 22	KBØQHZ	11
Jun 29	KDØGRM	12
Jul 6	KDØGRM	9
Jul 13	WAØZOG	8

Upcoming Net Controllers:

Jul 20	KDØGRM
Jul 27	KDØGRV
Aug 3	KDØGRU
Aug 10	NMØC

Mike, WAØZOG, added that he ran the net from JCPD and that they have expressed interest in having us operate that station periodically. If you are on the list of authorized operators, please consider running the net from there from time to time.

Please contact Mike at [REDACTED] or by phone at [REDACTED], if you will not be able to call the net you are scheduled for so other arrangements can be made.

2-Meter Repeater report: No report.

Digipeater report: No report.

Missouri Emergency Packet Network (MEPN): No report.

Emergency Coordinator's report: Rich, NØJBF, reported there has been nothing new going on. Bill, W4RK, inquired if the ARES leadership has gone over the after-action report from the NLE and the answer was not at this time.

VE Liaison's report: Steve, KDØGRM, reported on behalf of Nancie that there was one exam to give after the meeting.

CW Classes: Kent, K9ZTV, reported that all three CW classes are continuing to meet. Participation in the early class is still thin while the intermediate and beginning classes continue to go well. The advanced class meets at Mel's Country Café at 6:45am on Saturday mornings. The intermediate class meets at Mel's after breakfast on Saturday mornings at 9am, while the beginning class meets an hour later at 10am.

Training Committee: No report.

Club Shirts/Jackets/Patches: Bryan, KDØGRU, reported that samples should be arriving in the coming week. At the next meeting, the samples will be made available. Also, once final pricing is determined, photos of the sample items and pricing will be placed on the club's website.

Grant Money: Mike, WAØZOG, reported no updates. The paperwork received from other clubs still needs to be gone through.

Field Day: Rich, NØJBF, reported that Field Day went well despite a very bumpy road getting started. After vehicle shortages, a lightning storm, bad coax, and computer interfacing failures to name a few things, the stations were finally fully up and running by around 1:30pm. The unofficial score is in the 4,000-point range. Totals were roughly 380 contacts on VHF, 600 on CW, 160 on SSB, and 60 on GOTA.

Recommendations for the future include working up an operations manual. This would have instructions on how to set up the antennas, showing which coax to use, how to interface the computers, etc. Examples of such manuals from other organizations will be provided so that we can create one of our own.

New business

Mike, WAØZOG, noted that two cross-band repeaters were recently donated to the club. They are Kenwood commercial repeaters that we could choose to reconfigure for use in the amateur bands and use as possible remote sites to improve our coverage area. We should be thinking of ways to best utilize these items. On a side note, it was proposed that we look to add some new blood to the Technical Committee. Possible candidates include Jim, NØTKN; Jack, NØKSF; Owen, KCØLZG; and Dan, WAØTIC.

Announcements:

Gene, WBØKXP, passed around an article about Field Day in Eldon.

Hamfests: July 16 – Warrensburg
July 17 – Washington

Presentation:

Bill, W4RK, and Kent, K9ZTV gave a slideshow presentation on their participation in Branson for the recent National Level Exercise that took place, Kent's involvement with the tornado assistance in Joplin, and pictures of the trip to the Dayton Hamvention this year.

Respectfully submitted: Mark Eberle (KIØY), Secretary-Treasurer.
