2-Meter Repeater report: Tom, NØSS, reported that the repeater is working ok. Tom and Jim, NØTKN, will make a trip to check the power output, vacuum and clean the repeater, and put in a new modem.

Digipeater report: Rick, KCØPET, reported that he is still slowly making progress on the digipeater. There will be work at the site on Friday, March 11th. Some coax is hanging loose from the tower. Ground wire is still needed. Mike, KMØS, suggested checking with the state surplus.

Missouri Emergency Packet Network (MEPN): Jim, NØTKN, reported the system is working fine. The Jefferson City site is going through a major overhaul. There was a change in the power service and new ground system was put in.

Emergency Coordinator's report: Rich, NØJBF, reported that the weather spotter classes have stalled out. Mike, NØZH, added that money is running low so there may not be more classes.

Rich, NØJBF, and Tom, NØSS, attended a debriefing for the January exercise and went over the afteraction report. Everyone was pleased with the way the amateur radio operators performed. There is an education process needed for those who plan future exercises.

Joe, KBØQHZ, will be sending out information he received from the Section Coordinator with his ideas on the afteraction report.

VE Liaison's report: Tom, NØSS, reported that there were two exams last month and both passed. There will be four or five exams following the meeting.

CW Classes: Tom, NØSS, reported that the advanced class is has experienced a little lower turnout but is still going well. Currently, they are playing with a contest simulator. This class meets at Mel's Country Café at 6:45am on Saturday mornings.

Kent, K9ZTV, reported the intermediate and beginning classes are also going well. The instructors have been sending messages to one person while other class members simulate QRM. The intermediate class meets at Mel's after breakfast on Saturday mornings at 9am, while the beginning class meets an hour later at 10am.

Training Committee: Mike, KMØS, talked with John Campbell and with the upcoming exercise, time for planning, and the time required for the Tech class, it was decided that the Tech class would be better suited for later this fall. The General class will be proceed beginning near the end of the month. There will be about 10 sessions and should finish prior to Field Day.

Mike added that there are resources from the ARRL to aid in teaching the classes. One of these is the Modulation and Wave Fundamentals Board. Tom, NØSS, moved that the club purchase this board and the motion passed.

Kent, K9ZTV, moved that the club purchase books for the instructors. Rich, NØJBF, amended the motion to include purchasing the books with the instructor discount. Steve, KDØGRM, seconds, and the motion passed.

Club Shirts/Jackets/Patches: Bryan, KDØGRU, reported that there are some images ready to be posted to the website. The online order form will need to be updated to reflect the additional items. When MVE responds with pricing info, that will be posted as well.

By-Laws: The By-Law changes were discussed briefly and then each section was voted on. All items except for Article 1, Section 2 and Article 7, Section 2d were voted on and each section passed.

Red Cross MOU: Tabled until next meeting.

Grant Money: Mike, WAØZOG, spoke with the president of the radio club in Fulton. They have two organizations with one being the regular radio club and the other being the tax exempt 501(c)(3) organization. This may be something for us to look into in order to receive grant money such as this.

Field Day: Rich, NØJBF, reported that the vehicles have been requested and we may have all the assets needed. There was some discussion about changing from 2A to 3A to account for a digital station. The consensus was to keep the operation as 2A with the digital station alternating with the GOTA station. As a reminder, to operate at Field Day, your dues need to be paid up.
