Old business

2-Meter Net Report: Mike, NØZH, reported a total of 77 check-ins in March. Rich, NØJBF, added that we could use more volunteers to serve as Net Control on a regular basis.

Net Results:

Mar 14	KDØGRM	16
Mar 21	KDØQFN	21
Mar 28	KBØQHZ	20
Apr 4	NØJBF	16
Apr 11	KDØQFN	20

Upcoming Net Controllers:

Apr 18	N8PZT
Apr 25	KDØQFN
May 2	KDØGRV
May 9	NØZH

Please contact Mike at [REDACTED] or by phone at [REDACTED], if you will not be able to call the net you are scheduled for so other arrangements can be made.

2-Meter Repeater report: Jim, NØTKN, reported that the new battery and uninterruptible power supply (UPS) were purchased and installed. The total price for all the new hardware came in under budget at $783.75. Upon a power failure, the repeater will switch to low power and add a tail message to indicate the repeater is being powered by the UPS. If power is not restored and the UPS shuts down, the repeater will then switch to a second tail message to indicate it is being powered by the backup battery

Digipeater report: Rich, NØJBF, reported that Rick, KCØPET, is still working through the manual of the new Kantronics TNC to figure out all the features.

Missouri Emergency Packet Network (MEPN): Jim, NØTKN, reported that the network is still functioning well. However, it appears to be an underutilized resource and encourages more activity on both the packet system and the Intertie system.

Local Emergency Coordinator's report: Rich, NØJBF, noted that it was a quiet month with little activity. The new ID cards are still in the works.

District Emergency Coordinator's report: No report

VE Liaison's report: No report

CW Classes: Kent, K9ZTV, reported that there will be no early morning class on the 14th, but those wishing to show up and self-instruct are welcome to do so.

The advanced class meets at Mel's Country Café at 6:45am on Saturday mornings. The beginning class meets at Mel's after breakfast on Saturday mornings at 9am.

Training Committee: Mike, KMØS, reported that the Extra class upgrade session has begun. More students are welcome as are instructors to help out. The exam is tentatively scheduled sometime in June.

Club Shirts/Jackets/Patches: Laura, KDØGRV, reported that she was able to locate the patches. Patches are planned to be purchased and made available at the next meeting.

Mid-Mo Emergency Radio Service: Rich, NØJBF, reported that documents are still being looked over. A mission statement and financial details are yet to be worked out which will take some time.

Field Day: Mike, NØZH, reported that we currently have sourced three vehicles including the MEROC, the Red Cross van, and Don Atkinson's camper. Another source may be the JCFD command vehicle but no contact has been made yet to inquire about it.

Kent, K9ZTV, added that Porite has been contacted in regards to using their property as an operating location, but no response has been received yet.

Radios for stations have been procured including K3's from Steve, NNØB, for VHF; Kent, K9ZTV, for CW; and Mike, KIØHA, for SSB. Bryan, WØESE, will be penciled in to supply a K3 for the GOTA station.

A public relations (PR) person was requested to handle contacting local officials and news media, and provide flyers at the information tent. Stephen, N8PZT, and Laura, KDØGRV, volunteered to tag-team this effort.

Titanic Special Event station: Kent, K9ZTV, reported that the event will take place on the coming weekend, April 13th, 14th, and 15th. Kent passed out some literature outlining various special event operations to be held commemorating the event.

New business

None

Announcements:

Andrey, W3AMB, announced that he is getting a tower installed and is looking for some help to be part of the ground crew. The tower raising will take place on April 21st at 10AM. If interested, please contact him. An email will be sent with contact info.

Presentation:

None.

Respectfully submitted: Mark Eberle (KIØY), Secretary-Treasurer.
