Kent will contact Karen Pettite about coming up with a QSL card design. In the meantime, input from club members would be appreciated in regards to address on the cards, layouts, images, etc. Please think about this and let Kent know if you have any ideas for a design. Several designs will then be created and the club will vote on the final card design.

Kent, K9ZTV, also announced that he has received several QSL cards from the QSL Bureau for Tom, NØSS with requests for a return QSL. Kent will check with Jeri to see if there are any of Tom's QSL cards left.

Mike, NØZH, announced that there has been some activity on 10-Meters recently and he worked a Hawaiian station on CW with the call KH6BB. After looking it up, it turned out to be the station on board the USS Missouri battleship.
