Announcements:

1. The Tech Group, which meets the first Tuesday of the month, is always looking for new attendees. The next meeting is July 5th at the Red Cross Training Room.
2. The next monthly luncheon is Wednesday, June 15th.
3. The next general meeting is Thursday, July 14th at the Sheriff's Department.

4. Karl Schulte mentioned some issues with Windows 10 and some programs, especially MARS apps.
5. Dayton Hamfest: Kent Trimble, K9ZTV, told about Jim Biggerstaff, N0TKN, winning the grand prize (an Elecraft K3S in kit form) at Four Days in May. Jim continued with a description of the kit and how long it took him to assemble it. The president of Elecraft gave the first seminar during which the new KX2 was announced. Jim Crago, NØDVM, enjoyed the event and attended a "build-a-thon" where he learned a lot about soldering. The attendance was up by about a thousand over the 2015 event.
5. Kent Trimble, K9ZTV, advised that ARRL members can have an e-mail address through ARRL (ex: [REDACTED]) which will forward any e-mail to your normal address. One advantage of this is that if you change your e-mail address, all you have to do is change the setting on ARRL.
