Previous Meeting Minutes (presented & corrected)

Secretary-Treasurer's Report:

Previous Bank Balance: \$20,328.62
 Electric Bill: 11.87
 Phone Bill: 41.12
 Deposits: 150.00
 Current Bank Balance: \$20,425.62

Old Business

2 Meter Net Report: Mike Dolson, NØZH, reported a total of 88 check-ins for the 5 nets in January.

Net Results:

Jan 16	KDØQFN	13
Jan 23	KDØGRM	24
Jan 30	KDØNPF	16
Feb 6	NØZH	19
Feb 13	KDØMRJ	16

Upcoming Net Controllers:

Feb 20	KDØGRV
Feb 27	KDØGRM
Mar 6	NMØC
Mar 13	KBØQHZ

Discussion about nets being held at Jefferson City Police Department. Joe Betros, KBØQHZ, advised there is currently no danger of losing the room we use at the PD. Also, Laura Teske, KDØGRV, would like to be added to the access list. Background check will be necessary.

2 Meter Report:

Jim Biggerstaff, NØTKN, reported no problems.

Digipeater Report:

Rich Bennett, KCØPET, checked the digipeater today and it was functioning properly.

Missouri Emergency Packet Network (MEPN):

Jim Biggerstaff, NØTKN, advised MEPN is functioning properly. Problem continues at Americus but is not bad enough to cause an interruption.

Local Emergency Coordinator's Report:

Rich Kreiser, NØJBF, reporting – behind on getting ID badges completed, will address that. Cole County ID badges will also work. These are non-expiring. Question was asked about getting updated badges for those whose call sign has changed – correspondence has been sent, but still awaiting an answer; Mike Miller, WAØZOG, will check on this. Question asked about our lack of participation in the recent earthquake drill – SEMA did not request our participation. However, if we know about an exercise coming up, we can activate on our own.

District Emergency Coordinator's Report:

No report

VE Liaison's Report:

Nancie McAnagh, NMØC, reporting – two general tests followed the meeting.

CW Class:

Kent Trimble, K9ZTV, reporting – classes continuing. Thank Bill Gerth, W4RK, for filling in, sometimes at last minute.

Training Committee:

Mike Thayer, KMØS, reporting – There will be a General Class coming up mid to late March. We need instructor support and I would like to have an Instructor meeting sometime prior to the class to discuss agenda and other items. There is no “canned” General course. If anyone can find a suitable course online, we’ll consider that. Otherwise, we may just use the Q & A manual for the General test. There is a chance I may not be able to attend all sessions. Class will take 8 to 10 weeks with sessions on Monday evening. Club will provide books for the instructors; students will pay for theirs, which will be the only student cost.

Club Jackets / Shirts / Patches:

Karl Schulte, WA2KBZ, reporting for Bryan Norman, KDØGRU, – Our order was lost by the supplier (Missouri Vocational Industries). A new order has been forwarded and we will be moved to the head of the line. Concern expressed about the money members paid. However, the supplier will not be paid until the order is received so the money we collected from members is still safe in our checking account. [Note: This paragraph paraphrases comments by both Karl and Bryan, who arrived later into the meeting.]

Mid-MO Emergency Radio Service:

Rich Kreiser, NØJBF, reporting – had a discussion with Jerry. Need to have a meeting of officers and board members to get organized and get a few things done. Suggestion that we meet at 6:00 p.m. before the March meeting.

Field Day 2013:

Mike Dolson, NØZH, reporting – Field Day rules changed: we can set up anytime after midnight Thursday. We might want to avoid the heat by setting up Friday evening. Questioned if we should have the porta-potties again this year – general opinion was yes. Was able to get the DPS vehicle this year; requires a CDL driver. We have at least three so that should not be an issue. Haven't checked Fire Department vehicle yet. Not sure about Don Atkins' camper as he is currently in Texas.

SOTA:

Bill Gerth, W4RK, reporting – wanted to bring Missouri into the SOTA (Summits on the Air) organization. Effective February 1, Missouri became an official SOTA association, one of 70 - 80 around the world. Management in United Kingdom. An awards program for amateur radio. I was able to make 29 QSOs in 35 minutes; 3 were with MMARC members. I created a QSL card. Very first QSO from Taum Sauk mountain was Mike Dolson. There are 57 summits in Missouri; five have been activated so far. Bill built a website for the Missouri association; URL for the Missouri association is www.mosota.org

New Business:

Discussion about the USS Missouri (BB63) which is moored in Pearl Harbor as a memorial. There is an active radio club there which puts the ship on the air frequently. The antenna has fallen into disrepair and the club there is seeking funds to repair it. Cost is \$45,000.00 for needed parts. Details are available online. Karl Schulte, WA2KBZ, made a motion that we as a club send a donation of \$150.00. Seconded by Bryan Norman, KDØGRU. Carried.

Discussion about e-mailing minutes. A few copies will be printed for use at meeting. After discussion, motion was made and seconded to e-mail minutes. Carried.

John Patterson, WCØW, is in Belize for CW contest. V31TP is call sign for contest. Also V31AT.

Announcements:

Anyone wanting to sell an HF rig, a fellow at the lake is looking, contact Rich for information. Tony DeWitt, KDØSLC, complimented the membership for monitoring the repeater and answering travelers passing through.

The meeting was adjourned at 8:14 p.m. and was followed by a presentation by Mike Dolson, NØZH, explaining Reverse Beacons.
