Simmons; KDØGRS – Brian Tordoff; K9ZTV – Kent Trimble; Craig Bushby; Ginger DeWitt

Previous Meeting Minutes (presented & approved as submitted)

Secretary-Treasurer's Report:

Previous Bank Balance: \$20,328.61
Electric Bill: 11.87
Phone Bill: 41.12
Deposits: 150.00
Current Bank Balance: 20,425.62

Old Business

Kent Trimble, K9ZTV, confirmed the list of members who participated in the Halloween Special Event at Frankenstein, and distributed QSL cards to those present at the meeting.

2 Meter Net Report: Mike Dolson, NØZH, reported a total of 75 check-ins for the month of December.

Net Results:

Dec 19	KDØQFN	14
Dec 26	NØZH	19
Jan 2	KDØGRM	14
Jan 9	NMØC	21

Upcoming Net Controllers:

Jan 16	KDØQFN
Jan 23	KDØGRM
Jan 30	KDØNPF
Feb 6	NØZH
Feb 13	KDØMRJ

2 Meter Report:

Jim Biggerstaff, NØTKN, reported no problems.

Digipeater Report:

Rich Bennett, KCØPET, thanked those who helped reinstall the digipeater and reported that it was functioning properly. He added that its frequency is 145.01 MHz.

Missouri Emergency Packet Network (MEPN):

Jim Biggerstaff, NØTKN, advised MEPN is functioning properly.

Local Emergency Coordinator's Report:

Joe Betros, KBØQHZ, reporting – Status quo; we do have an ARES coordinator in Boone County. Joe will attend the next meeting in Columbia to present him with our certificate.

VE Liaison's Report:

Nancie McAnagh absent, Steve Hick, KDØGRM, reporting – 8 new Technician Licenses from the recent class. There was some confusion with one person who had two FN numbers but the situation was resolved with the social security number.

CW Class:

Kent Trimble, K9ZTV, reporting – the last two sessions were devoted to preparing for Straight Key Night including conversing across the table with each other; will probably continue that routine for a while. Kent also invited anyone interested in joining the intermediate class to come to Mel's at 9:00 a.m. on Saturdays. Bill Gerth, W4RK, added that those who participated in Straight Key Night should get their reports in to HQ as soon as possible so their call sign will appear in the upcoming QST article. Also, include your affiliation to the club so that we get credit as well.

Training Committee:

Mike Thayer absent, Steve Hick, KDØGRM, reporting – There will be a General Class coming up. Details will be announced later.

Club Jackets / Shirts / Patches:

No report – Brian and Laura both absent.

Mid-MO Emergency Radio Service:

Nothing to report.

Field Day 2013:

Mike Dolson, NØZH, reminded the members of Field Day scheduled for this coming June. He will be sending out letters to appropriate agencies in preparation.

New Business:

Kent Trimble, K9ZTV, and Bill Gerth, W4RK, encouraged all members to consider going to the Dayton Hamfest this year, as well as the Four Days in May QRP (put on by QRP International) in Fairborn, Ohio. The latter incorporates very impressive seminars on many facets of amateur radio as well as vendor booths and presentations. Jack Boswell, NØKSF, added that QRP International also offers an excellent magazine.

Mike Dolson, NØZH, reported that Roger Barnard, WAØHAM, has collected numerous amateur radio related items over the years and would like to give them to someone who is likely to use them. The big item is a hand-built linear amplifier built to a QST manual. Anyone interested contact Mike or Roger.

Karl Schulte, WA2KBZ, initiated a discussion about the length and redundancy of the 2 meter net script. Mike Dolson, NØZH, commented on the history of the existing script and that he and Tom Hammond, NØSS, had rewritten it a while back to bring it into its current state. He told Karl that he was welcome to go over it and edit it some. Others commented that the script is mostly a suggestion that the net controller uses to include all necessary items, but can ad lib as they see fit. There was also a short discussion on how to handle formal net traffic – the consensus was that it be handled as it comes in rather than at the end of the net.

Announcements:

None

The meeting was adjourned at 7:40 p.m. and was followed by a presentation by Karl Schulte, WA2KBZ. The presentation included procedures, examples, and demonstrations of antique telegraph equipment and early radio devices.

Compiled and Submitted by Bob Heald, WØXII
