ARES Report:

Jerry Sill, NNØJS, EC, reporting: There was an exercise on November 14th which J.D. Simmons, WAØBER, District F DEC, was happy with. It took a lot of preparation. 17 Hams participated and we believe everyone had a good time. There were some issues with Simplex (repeaters were not used) and also some issues with handhelds. The exercise ran about an hour. The message timing needs some work, but it was not bad. Traffic handling could use some training – there was a lot of talking over each other. The SEMA operator was working alone and was somewhat overworked. We need headset mics and two operators at each position. Next time, we should use mobiles instead of handhelds and we need to pre-determine locations. This was our first exercise of this type in a long time. Karl Schulte, WA2KBZ, added that he was donating and installing a radio at the Salvation Army.

CW Class:

Bill Gerth, W4RK, reporting: We are in practice for Straight Key Night (1800 Dec 31st to 1800 cst Jan 1st). Vintage equipment is encouraged for Straight Key Night.

Training Committee:

Mike Thayer, KMØS, reporting: There will be a Technician class starting January 25th in the Sheriff's Department training room. As previously, classes will be about two hours on Monday nights. There will be multiple instructors who will have a meeting sometime prior to the start of classes. Tests will be administered at the end of the class or early by appointment.
