2 Meter Net Report: Nancie McAnagh, NMØC, reporting: 83 Check-ins for August. Numbers indicate the number of check-ins followed by the number who are ARES members.

Net Results:

Aug 19	WWØG	16/7
Aug 26	KBØQHZ	32/12
Sept 2	KDØYRP/KDØVUV	21/12
Sept 9	NMØC	21/12

Upcoming Net Controllers:

Sept 16	WWØG
Sept 23	KDØMRJ
Sept 30	KBØQHZ
Oct 7	NØZH

KOETY Repeater Report:

Jim Biggerstaff, NØTKN, reporting: Both repeaters working.

Missouri Emergency Packet Network (MEPN):

Jim Biggerstaff, NØTKN, reporting: Working well

Digipeater Report:

Jim Biggerstaff, NØTKN, reporting: Working well

ARES Report:

Jerry Sill, NNØJS, reporting. There was a SEMA exercise yesterday (September 9th) with the scenario of an F2 tornado in Sedalia. The Missouri Emergency Services Net was involved. Noise at the Fairgrounds interfered. We operated about 90 minutes. Members assisting as the JC Ring were Joe Betros, Jim Biggerstaff, Bill Gerth, Karl Schulte, and Kent Trimble. There was no digital or e-mail involved. Kent thought the exercise went very well. Some of the messages were very complex. Hank Taylor was at SEMA and said that the reception there was very good for a change. Jerry Sill was also at SEMA. The FLDigi worked very well. The forms could be attached to e-mail and/or saved as a .pdf. Jerry Sill will look into liaisons for Cole County Emergency Coordinator.

CW Class:

Kent Trimble, K9ZTV, reporting: Classes are going well. Andy Adams had a light stroke but is home now. His 80th birthday is September 18th. We will celebrate at Mel's on the 19th.

Training Committee:

Not Present.

Field Day:

Jerry Sill, NNØJS, reporting: Field Day Wrap up was covered in the program

Old Business:

1. Bike MS is this weekend in Illinois. Some members are planning to be there.
2. We are still waiting for a call from Ameren regarding assistance with the antenna upgrade at our primary site.
3. The Red Cross Smoke Detector Installation Program was carried out today (Sept 10th). Jim Biggerstaff, NØTKN, Ron Brizendine, KA0ZIY, Gordon Belcher, KE0CQV, and Kent Trimble, K9ZTV participated. We were divided into four groups. The Red Cross goal is to reduce the number of fire fatalities by 25% in five years. Kent advised that pushing the test button on a smoke detector does NOT test the detector, just its audible tone and battery and that a smoke detector is only good for about five years. Jim added that the Red

Cross contacted families who had previously had fires to urge installation. The program focused on single family homes, not apartments.

4. The Wednesday evening KØETY nets are now ARES nets. When you acknowledge the net, please remember in addition to name, call sign, city, and any comments, indicate whether or not you are and ARES member.

New Business:

1. Kent Trimble, K9ZTV, Bill Gerth, W4RK, and Mike McCrady, N0ESE, got first in Missouri and third overall in the recent Skeeter Hunt. They also got first in multi-operator/single transmitter.
2. In the recent Flight of the Bumblebee Rick Bennett, KC0PET, and Mike McCrady, N0ESE operated but their results are not yet in. They made about 50 contacts.
3. Kent Trimble, K9ZTV: The Ron Casteel estate sale is this coming Saturday (Sept. 12th) between 1015 and noon across from Helias. For reference, there will be a yellow compact vehicle parked in front of the house.
4. Kent Trimble, K9ZTV, purchased a CMOS Super Keyer 2 from Ron's estate for club use. It is intended for new operators interested in CW to use until they get their own equipment. The first recipient is Jim Crago, KE0FII.

Announcements:

1. The Tech Group, which meets the first Tuesday of the month, is always looking for new attendees.
2. J Gattermeir, W0QBX, advised there is going to be a Route 66 extravaganza in the near future (date unknown) with stations setting up along Route 66 and using frequencies ending in 66/

Adjourn: 1955
