

**Minutes of the
Mid-MO Amateur Radio Club, Inc.
Jefferson City, MO**

Meeting of: April 11, 2024

Presentation:

- **Ozarkcon:**

Club members Bill- W4RK, Kent- K9ZTV, Jack- N0KSF, Bryan- K0EMT, Rich- N0EAX attended Ozarkcon. Bryan organized and led a group of POTA activators near Table Rock Lake Dam in activations just prior to the beginning of the conference. He later presented a conference talk that included the results of their activations. Jack talked about the T41 kit project that he is working on and his surprise at the size of a completed T41 that was on display at the conference. Jack and Kent enjoyed the presentations on the Pirate, Spy, and Candestine Radio stations and on the history of the Hallicrafter's receivers. Kent mentioned the presentation on the new Four State QRP (4SQR) kits being designed by David Cripes- NM0S. Kent showed the new 4SQR paddle that he had purchased and had just built. Jack built the same paddle at the Conference Build-A-Thon.

- **Field Day:**

Kent contacted Porite concerning the use of the Field Day site. The site is no longer available to MMARC as the site has been sold to the State of Missouri and they are not interested in use by MMARC. Other sites were discussed but nothing resolved. Kent recommended that any new locations should include bathroom facilities and air conditioning. Vehicles were discussed in some detail but would be needed based on the site chosen. Tim will inquire on the use of one of the Highway Patrol vehicles and the tower trailer. Tim will also find out what State organization will be involved with the Porite site. He will confirm their lack of interest with MMARC.

Kent received a letter from our insurance provider indicating they will no longer cover our club policy. Kent has and will continue to try to contact a new carrier recommended by the ARRL. Kent has been providing the club a one year liability policy (\$325 most recently). The current policy runs to June 18, 2024.

- **Missouri QSO Party:**

Tim gave a summary of the club involvement with the Missouri QSO Party (MQP) operation. Tim and Jim- N0LBY operated from Jim's Osage County station and initial results placed them in third place in their category with 604 contacts. Jim operated on phone with Tim on CW. Tim noted a problem with software that was resolved after several hours. There was some digital operation with Tim noting a configuration issue while logging in FT4 and FT8. This issue will be reviewed by the MQP organizers as it has been resolved in another state. Mitch- NW0M operated in the MQP, and initial results placed him first in his CW, low power, assisted category. Craig- N0JN operated also and indicated 10 or 15 contacts involving the MQP. Art- KD0GY enjoyed the event with a couple hundred contacts.

Call to order: 7:43 PM Tim Raymer, President – N0UI

Members in attendance:

- In Person

Tim Raymer	N0UI
Richard Glassner	N0EAX
Jacob Riley	KD0OIR

K0ETY Repeater Report: Jim Biggerstaff – N0TKN

- Working fine. Jim reported 1084 PTT's this past month.

Missouri Emergency Packet Network (MEPN): 145.070 MHz:

- Jim reported that MEPN was working fine.

CW Class: Kent Trimble – K9ZTV

- Classes continue being held at St Mary's hospital at 2505 Mission Dr, Jefferson City, MO. Kent indicated all is going well. Kent did mention that with the new Mel's being built, he would check on the possibility of having the class in that location. The class members are very satisfied with the class being held at St. Mary's.

Training Committee: Art Langston –KD0GY

- Art continues to monitor the Facebook page for training interest. Jim- N0LBY indicated that he knew of two people interested in training. Tim indicated that Jason Piper was studying for the test with the radio club in Columbia.

Emergency Communications: JD Simmons—WA0BER

- There was no report.

Skywarn: Dewayne Carver-WD0HXX

- Dewayne reported on the April 1 Tornado Watch with ten check-ins. Tim indicated that he had called in a hail report to NWS during the recent storm. There was discussion of the Linn repeater possibly going away due to lack of number of hams in that area, the cost of maintenance, and possibly removal of some towers by the Missouri Highway Patrol. Jim- N0LBY mentioned past talk of linking to the Linn repeater and some discussion of this followed. Dewayne also mentioned that a private company was in the process of putting a new X band radar on a water tower in Boonville, but he was unsure if the National Weather Service would have access.

Old Business:

- Tim mentioned that next month's meeting would be Field Day planning.
- Tim also noted that the club email account and Amazon Web Services issues have been resolved.
- Jim- N0LBY has completed the sales of the Moody Estate antennas. He thanked "Jim", Mike Miller- WA0ZOG, and Dave Beck- KB0SBI for help with the antennas.

New Business:

- There was no new business, but Kent did ask how many club members there are. Rich - N0EAX reported that there are forty-two members (dues current).
