K0ETY Repeater Report: Jim Biggerstaff – N0TKN

- Jim reported an average of 941 microphone activations ("Push To Talk"- PTT)

during the most recent 3 months. The repeater is working fine.

Missouri Emergency Packet Network (MEPN): 145.070 Mhz:

- Jim indicated that MEPN was working fine and is underutilized. He commented that MEPN works well when working with digital modes including Winlink.

CW Class: Bill Gerth – W4RK

- Bill indicated that there were no attendees at the most recent class. Classes continue to be held at St Mary's hospital at 2505 Mission Dr, Jefferson City, MO.

Training Committee: Art Langston –KD0GY

- Art reported that most of the interest has come through the Facebook page. He has responded to these inquiries but there has been no specific training request.
- Art responded positively to a request by the Missouri Society of Professional Engineers (MSPE) requesting club interest in presenting a program on amateur radio. The request was for some time in the Spring or Summer.

Emergency Communications: JD Simmons—WA0BER

- No report.

Skywarn: Dewayne Carver – WD0HXX

- Dewayne reported that there is nothing to report.

Tech Group:

- Jack Boswell highlighted the visit to this meeting of club member Bryan Nehl, K0EMT who is visiting from Indiana. Bryan brought some circuit boards for a QRP antenna matching project. Jack discussed his purchase of the T41 SDR Transceiver kit that he has purchased. He explained several of the details of the construction including that surface mount components have been pre-installed.

Old Business:

- Moody Estate Sale: Kent thanked the club members for the excellent help in the purchase of estate sale items. Purchases at the Moody house brought \$2,523 with Collinsville purchases at \$510. Expenses incurred were \$96 for a total given to the family of \$2,937. Jim Biggerstaff also thanked everyone for their purchases. Jim and Kent were thanked for their efforts at the sale. Jim Branson expressed a desire to sell the antennas to the club members. He will use Group I/O first to list the antennas after obtaining permission from the estate administrator. He will then

use other avenues of listing the antennas for sale. Some of the antenna details were discussed.

- Estate Sale Policy: The MMARC Board met yesterday, February 7, 2024, and discussed the draft policy that had been prepared by Kent. These guidelines will be discussed again at the next Board meeting on February 19, 2024. A question about the 501.C3 status of the club was discussed. Kent identified that the club is considered a “hobby club” and not a 501.C3 organization. It was recommended that the guideline might include language about the 501.C3 status. The point was to remind club members that they might tell those requesting a sale that a donation to the club had no tax consequences.
- Future Programs: Jason Piper- March
Tim Raymer- April

New Business:

- There was no new business.
