

**Minutes of the
Mid-MO Amateur Radio Club, Inc.
Jefferson City, MO**

Meeting of: July 11, 2023 at the Cole County Emergency Management Office

Presentation:

- Jason Piper, KF0QIL presented information on Meshtastic, a no license required communication mode. Meshtastic is an open source, off-grid, decentralized, mesh network built to run on affordable, low-power devices on the 33cm band. Ham modes and no license modes are available on the radios. Jason showed examples of his Meshtastic radios. Thanks Jason for the presentation.
- Field Day- Bryan, W0ESE reported that there were approximately 1100 contacts made by MMARC operators. This was more than were reported over the last several years except for 2020. The total number of points was 4,898. Bryan reviewed all of the bonus categories and the points that the club took credit for. He also related the experiences that he noticed in others who operated the event.

K0ETY Repeater Report: Jim Biggerstaff – N0TKN

- There were 1261 PTT's on the repeater since the last meeting.
- There has been some noise on the repeater. Jim thought it was as "power" problem and would be resolved. There was some additional antenna related discussion.

- Jim explained how the three different messages on the repeater worked. There was more discussion about how these messages work. Jim, N0LBY reminded everyone that the “440” repeater was available for use.

Missouri Emergency Packet Network (MEPN): 145.070 MHz: Jim Biggerstaff — N0TKN

- Jim reported that MEPN is working fine.

CW Class: Kent Trimble – K9ZTV

- Kent encouraged everyone who wanted to learn “Morse” or to enhance their skills to join the St. Mary’s code practice on Saturday mornings.

Training Committee: Art Langston – KD0GY

- Art explained how he uses social media for determining training needs. He also occasionally monitors a net like MON and is looking for new hams who might need some training.

Emergency Communications: JD Simmons -- WA0BER

- JD reported that there were no events during the last month. He did report that he and Rich Kresier, N0JBF had been requested to look at the statewide ARES Digital Emergency Plan for a potential use of a new digital mode, VARAC. This mode is being proposed by Kansas City hams for addition to the digital emergency plan. JD and Rich will be evaluating this possible change.

Skywarn: Dewayne Carver -- WD0HXX

- Dewayne reported two weather events on June 13th and 25th that involved the use of the K0ETY repeater. No nets have been called in July so far. The Mid Mo Skywarn I/O message board is being utilized to alert members of incoming weather events.

Old Business:

- Tim requested the need for “programs” for our club meetings.
- Tim thanked everyone for the support with getting the new bandpass filters. He explained how the filters worked providing isolation on the 2nd harmonic between stations. Kent commented that the filters were “transparent” to the operators.
- Tim or Bryan, W0ESE (Field Day Chairman) will look into the possibility of using the Porite Field again for Field Day. The owner, the State of Missouri, has apparently approved the field for use by the Jefferson City Jaycees.

New Business:

- A Four State QRP K8IQY Magic Box TR Switching System kit was given away to a club member.
