K0ETY Repeater Report: Jim Biggerstaff – N0TKN

- Tim read the report from Jim. An above average number of PTT's was reported with the repeater working properly.

Missouri Emergency Packet Network (MEPN): 145.070 MHz:

- Tim reported that Jim indicated that MEPN was working well.

CW Class: Kent Trimble – K9ZTV

- Kent indicated that things are going well and the group is back at St. Mary's.

Training Committee: Art Langston –KD0GY

- Art indicated there were no training requests. Tim was to get with Art on the need for training for state agency personnel.

Emergency Communications: JD Simmons—WA0BER

- JD reported on two additional ARES members being signed up in support of the reestablishing of ham radio communications at a hospital in Gasconade County.

Skywarn: Dewayne Carver-WD0HXX

- Dewayne reported on 5 weather events with 22 net participants during the period since last month's meeting. Dewayne also mentioned the upcoming NWS Spotter class to be held on August 5 on-line. Signup is on the St. Louis NWS Website and the website link was shown to the group.

Old Business:

- The July meeting will include a program on MESH presented by Jason, KF0QIL.
- Tim discussed the reason for needing to purchase bandpass filters to protect the radios owned by club members. These radios are used by club members in events like Field Day and the Frankenstein Special Event Station. The uncertainties associated with antenna setup in unknown locations prompted the need to revisit the bandpass filter purchase. MMARC Board members had a meeting on this issue and it was decided to purchase two filters from Hamation for use during the upcoming Field Day. An internet vote of club members took place showing support for the purchase. The filters were ordered, received, and were successfully utilized during Field Day.

New Business:

- K0EMT, Bryan designed and donated several random wire antenna transformer boards. Kent handed those out to those desiring a board. Thanks to Bryan.
- Kent also indicated that Bryan has also donated a microphone that was given to a club member. Thanks again Bryan.
- Kent told an interesting story about a lost and later found Elecraft KX2 by a ham. The story included Kent's involvement in replacing the missing radio. Kent recommended having some form of identification being placed onto our ham equipment.
- Mitch, NW0M handed out several ham related items to club members. Thanks Mitch.
