

**Minutes of the
Mid-MO Amateur Radio Club, Inc.
Jefferson City, MO**

Meeting of: November 14, 2024

Presentation:

- Field Day Results— Tim showed the Field Day results for Class 2A. The club finished 37th out of 286 entries in Class 2A. Tim mentioned that there were not enough operators to operate the phone/digital stations although Kent pointed out that phone and CW contacts were up 4% from last year with digital down from last year.
- Frankenstein—Kent reported 17 people attended. There were 601 contacts and 78 QSL's sent out so far for those QSL's received. The CW rig band pass filter was a problem and was later fixed by Tim. Tim explained what happened to the bandpass filter. The filter lost track of information from the decoder. With help from the factory, Tim was able to get the filter reset properly. Of the 601 QSOs, CW QSOs were 101 and phone contacts were 500. Kent noted that Tim and Mitch did good work on phone. Kent also complimented Mitch, Dave Beck, John Graves, Jim Biggerstaff, and Mike Smith for help with the antennas. Becky Widener and Ann Harvey were complemented for the fine food too. Kent mentioned that the radios all performed well. Bryan-W0ESE was complemented by Bill- W4RK for his use of a "bug" to send CW during the event. Tim mentioned working both a maritime mobile and an aeronautical mobile station.

- There was no report.

Old Business:

- Christmas Dinner- The dinner has been scheduled for December 19 at 6pm at Madison Café in Jefferson City. Kent will follow-up with a signup notice and menu as soon as he hears from Madisons.
- Tim explained the issue with the website certificate. Tim is working with John, KB0NXX to resolve.
- Tim confirmed that the directions to the Frankenstein event have been removed from the club website.
- Art reported that his antenna request had been taken care of and he was all set. Thanks to those who helped Art in that effort.
- Jim indicated that his antenna giveaway would be Saturday, at 10am at his Osage County location.
- Kent thanked those who purchased items from the Bob Gumm, WA0NVX ham radio sale. Kent especially noted Jim, N0LBY, Jim, N0JJ, Dave- W0WWM, Mike- WA0ZOG and the tower climber, Rick Sun. The tower removal went well with the tower climber on the tower for 3 hours before he took a break. All sounded like it went well.

New Business:

- Jim, N0LBY indicated that someone should look at the Groups I/O List and make sure that those names are appropriate. Tim indicated he was working on that.
- Tim indicated that we would be sending out a copy of the club Membership List for review. It contains phone numbers and email addresses. Once the list is sent out review, make sure your information is accurate. Let Rich, N0EAX know of errors, changes, or whether you do not want an email address or phone number shown. The updated Membership List will then be posted on Groups I/O.
- Tim began the required process of taking names for nominations for MMARC positions for 2025. The November and December meetings require nominations with voting at the December meeting. Those nominated at this November meeting include:

Board of Directors (1 position)- Steve Hick, WW0G
Secretary/Treasurer- Tim Raymer, N0UI
Vice President- John Fisher, KD0AVA
President- Bryan Braunschweig, W0ESE

Upcoming Events

- Winterfest, Collingsville, IL January 18, 2024

Tim pulled up the website on the computer and there was more discussion on the Winterfest forums that will take place including a forum on the IARU Special Event that MMARC members participated in. Tim provided discussion of his and other MMARC member's operation in the IARU event.

It should be noted that there is another ham radio event (W9DYV Symposium) beginning on January 17, 2024. The Winterfest website will link to that event with both events at the Gateway Convention Center. Several club members have stayed overnight previously and attended both sets of events.

- ARRL 10 Meter Contest, Saturday, December 14 at 0000 UTC to December 15 at 2359 UTC.
- SAQ Grimeton Radio Station (VLF frequency 17.2 Khz), December 24, 2024 at 0725 UTC (You Tube live stream begins) with Startup of the Alexanderson Alternator SAQ at 0730 UTC. Transmission begins at 0800 UTC. The amateur radio station SK6SAQ will be operating on various frequencies (CW and SSB) during the day. If you have never seen the Alexanderson Alternator Startup, it is a sight to behold. Older You Tube videos exist if you miss this event.
- Jim- N0TKN discussed the International Space Station (ISS) passing over our area tomorrow night (11/15/24) for approximately 6 minutes at 5:40 pm running Southwest to Northeast. If conditions permit, the ISS will be easily visible. There is a ham radio cross band repeater on the ISS. Tim noted that the AMSAT website contains information about the availability of the various ham radio equipment on board. Thanks Jim.

Meeting Adjourned: Tim Raymer- Tim closed the meeting with the club members providing one more round of applause for the Hammond Award Winner, Jack Boswell- N0KSF. Meeting adjourned at 8:17 pm.

Next Meeting: Cole County Sheriff's Office
