VE Liaison's Report: Mike Smith - ADØYM

- **(Written/Submitted)** There are three pending requests for a test session. One has already asked to defer to a later date possibly May. I am waiting for confirmation from the others they still intend to test after our business meeting. I suspect at least one will so some of our Volunteer Examiners will need to plan to stay late to help administer a test session.
- **(Verbal)** There's been no activity for some time. I've had a lot of interest in the last month or so, you never know, but at least one of them showed up tonight. So I'm thankful for that.

2 Meter Net Report: Steve Hick – WWØG

- Steve was not present for report.

Upcoming Net Controllers

KØETY Repeater System Report: Jim Biggerstaff – NØTKN

- Repeaters are working. Still have an issue that comes and goes on the VHF Repeater. Heard some scratching this evening (04/10/2025) Test Equipment has not revealed any issues. Still looking at issue. MEPN is working fine. PTT Count was not available. In person gratitude and thanks offered to John Glascock, NØIB, for the generous donation of two batteries to provide power for the VHF Repeater.

Missouri Emergency Packet Network (MEPN): 145.070 MHz: Jim Biggerstaff—NØTKN

- As noted above, MEPN is working fine.

Skywarn: Dewayne Carver-WD0HXX

- Two Events. Large Scale event on 14 March with big event in St. Louis and Southeast Missouri with Tornados. Severe Thunderstorm Warnings and a Tornado Warning in Callaway County. Weather spotter net from 16:00hrs until 21:00hrs. Had some wildfires that led to civilian evacuations near Hartsburg. Optimus Club was opened as a shelter. Power lines down near Capital Region Medical Center on London Avenue and Great Fox Terrace. 2nd of April had additional weather events at ~ 10:15am. Developed in Boone and Moniteau Counties. Net lasted for 45min. 14 March Event: 14 Participants. April 2nd Event: 4 participants. Issues with Groups.io message distribution. Test message was sent and requested a reply. All but 2 replied. The two were replied. Problem with arrl.net suffix for addresses. May want to use a different address for e-mail distribution lists and Groups.io. Weather Spotter training was held at Linn on 26 March. 6 Ham operators attended.

Emergency Communications/ARES: JD Simmons—WA0BER

- JD Not present this evening.

- Discussion about a donation to Cole County Jaycees for use of the fairgrounds.
- **Repeater MOU Discussion:** Extensive discussion about an MOU with the Missouri State Highway Patrol. Presentation by Jim Biggerstaff, N0TKN.
 - Opportunity to take over KM0HP/R repeater at Linn, MO.
 - Repeater located on 300' tower north of Linn, MO.
 - Patrol got a grant to fund installation, but does not have funds for ongoing maintenance for systems.
 - Repeater has large footprint and wide coverage.
 - With opportunity comes liability.
 - MOU: Need liability insurance. Already have that.
 - We will own the existing equipment. MastriII based repeater and same controller.
 - MOU automatically renews automatically yearly.
 - Opt out with 90 days notice by either party.
 - Maintenance is Mid-MO ARC responsibility.
 - Currently issues.
 - 2.6:1 VSWR.
 - Costs to repair system:
 - ~\$1,000 for tower climber to assess site.
 - \$1,400 for new antenna. (DB224E).
 - \$1,900 for 7/8" feedline and accessories.
 - Feedline and link would be \$3,600.
 - Need to link system to other Mid-MO ARC Repeaters.
 - Useful for Severe Weather Events, and other needs.
 - \$650 to fund linking to Jeff City Repeaters.
 - Worst case issue for repairs and linking estimate is \$5,400.
 - Can avoid shipping by purchasing from Santa Fe Distributing in KC.
- Discussion: Do we need it?
 - Community needs it.
 - For discussion.
- Request approval to proceed.
 - Set threshold for Technical Committee to proceed.
- Extensive discussion about system.
 - Site has backup power.

- Extensive discussion about system. **(Continued.)**
 - Site has backup power.
 - We have access to backup power.
 - No internet access at site.
 - Antenna location on tower discussed.
 - Telephone bid was acquired for Tower work.
 - Repeater provides extensive coverage of Osage County.
 - There has been discussion with the Osage County Sheriff about this repeater and the service it provides to Osage County. Does he have any grants?
 - MSHP will continue to maintain the tower and lighting, etc.
 - Do we want to take on another repeater, while having maintenance issues on current repeater?
- MOU action is somewhat time sensitive.
 - Current Director of Radio is retiring.
- We are not required to immediately do the maintenance on the system.
- Doing this is an investment in the next generation of Amateur Radio in the area.
- Vote to proceed on signing MOU with MSHP, and repair of feedline and antenna of repeater with amount not to exceed \$5,500 without additional approval. Vote was approved by voice vote with 'No' votes noted.
