VE Liaison's Report: Mike Smith - AD0YM

- **(Written/Submitted)** No test session has occurred since our November 2025 meeting. It was not possible to hold a session at our December meeting as it was our annual banquet.
- The Government closure delayed processing of our successful candidate from the October meeting. That has since been resolved. I am pleased to report Joshua Fisher was granted General Privileges with call sign KF0VMN. (He passed both Tech and General during the same session.)
- A test session may be scheduled after our January meeting pending confirmation by one candidate and the return of the NCVEC Form 605 from another who just contacted me for a test session.

- **(Verbal)** Read written report.
- A test session is scheduled for after the meeting. We will need VEs for the test session.

(Volunteer Examiners are needed for an Exam this evening.)
