722 Shawn Dr.
Jefferson City, MO 65109-0500

$12.50 Student
$25.00 Regular Membership
$37.50 Family Membership
Dues due in June

VE Liaison's Report: Mike Smith - AD0YM

- **(Written/Submitted)** There were no test sessions since our last meeting. However, Shane Landis has subsequently received her call sign (KF0YYA) since our June meeting.
- We did have an inquiry for a test session. However, that individual opted to take the test on-line in order to use the former test question pool for Technician which has been replaced as of 1 July.
- I am aware of only one addition to the list of club ARRL Volunteer Examiners, Brian Tordoff (KD0GRS) was added to those who are eligible for an Exam Tools platform test session. It is not hard to add your credentials after creating an Exam Tools registration provided you have an electronic official copy of your current license available to upload.
- I have been able to confirm connectivity with the free wifi at St. Mary's Hospital Cafeteria and will continue to identify other public spots the club might use in order to use the Exam Tools test platform. In the meantime, our past approach of scanning documents and electronically filing with the ARRL with payment to follow via USPS continues to work.
- Active VEs are encouraged to begin looking into the processes used by Exam Tools. Here is a link that can answer and likely create other questions in that regard: ExamTools Documentation | ExamTools | Documentation

2 Meter Net Report: Steve Hick – WW0G

- Net control slots coordinated.

Upcoming Net Controllers

- 07/15/2026 – KD0GRS
- 07/22/2026 – KD0GY
- 07/29/2026 – *
- 08/05/2026 – WW0G
- 08/12/2026 – *

There were no volunteers to be Net Controllers for these dates.(*)

Online Net Control Signup Sheet

(Link is also available on the Wiki Page.)

COAD Report: Steve Hick – WW0G

- COAD Meeting occurred week previous to club meeting. Work is being done to coordinate distributed responsibilities and roles in a disaster. Readiness Festival is scheduled for 19 Sept. 2026. A display has been requested. Interactive display, possibly including HF Stations, 2m station, Skywarn information. Festival will be at Lincoln again. A good opportunity for community engagement.

K0ETY Repeater System Report: Jim Biggerstaff – N0TKN

- All Systems working as they should.
- Extended power outage at Linn Site. Backup Battery exhausted. PTT Count lost.
- PTT Count surprisingly low on 147.000 Repeater at 837.

Missouri Emergency Packet Network (MEPN): 145.070 MHz: Jim Biggerstaff – N0TKN

- MEPN is also working well. Connected to it without issue this evening. Still a viable link to connect to the Columbia Node for Winlink.

Paused Here. 01:01:08 on Recording

Skywarn: Dewayne Carver-WD0HXX

- Five different events since 11 June Meeting.
- 11 Jun 2026 Severe T-Storm Watch. Several WX Reports, WX stayed below Severe criteria.
- 13 Jun 2026 Severe T-Storm Warning. Moniteau and Boone Counties. Two participants logged.
- 17 Jun 2026 Severe T-Storm Watch. 8 Participants throught the day.
- 4 Jul 2026 Severe WX Event. Cole, Moniteau, Southern Boone, Callaway, and Osage Co Warnings issued. No Net called. 80mph wind gust in Algoa Rd. area in Cole Co. No reports received. Damage Survey from NWS. Straight line winds up to 105mph noted in survey. Power pole, tree, and structure damage noted in area.
- 5 July 2026 Severe T-Storm Warning for East-central Callaway Co. No reports received.
- 9 July 2026 Severe T-Storm Warning.

Emergency Communications/ARES: JD Simmons – WA0BER/AG4YN

- WA0BER not in attendance.
- In the process of pulling together a simple webpage for members to receive updates, apply for membership, and have basic data of nets and recommended frequencies programmed. It is a work in progress. Noted that it is a good resource.

CW Class: Kent Trimble – K9ZTV

- Class continues.

Training Committee: Art Langston –KD0GY

- No Requests.
- Enquiry at MAD Table about ham radio prior to meeting.
- Discussion about how Bill got interested in Ham Radio, and process to study, test, and get licensed. Remote Testing process discussed. W7MX exam team used.

Old Business:

- Field Day Discussion. Better this year. A lot more contacts. Problems with JCFD Trailer Generator. Issue with charging the battery on the generator again. CW 673Qs on 5 bands. Phone 258 Qs on 4 bands. 40-20-15-10. Digital: One report said 133, Art's report said 169 Contacts, with ~30 on Natural Power on a battery box. 33 people show up and sign log. 15 different operators between CW and Phone. 5 CW operators. 95 digital contacts on 6m. Worked all states except KL7. DX contacts made as well. Excellent participation for setup and teardown. Food was excellent. ARRL Bulletin may not have been contacted. Winlink used for sending Traffic messages into NTS and to Section Manager. Got points for the messages and Educational bonus.
- N0EAX was at Field Day in AZ, West Valley ARC. Discussion about their operations and differences. Information about our Bandpass Filters passed to them.
- Headphone amp discussed.
- Visitors from Audrain Co ARC. Kenny Fairchild and Mike Wood(?). Heard we were doing CW operations. Came to see our CW Ops.
- Cole County Ready Fest coming soon. AG4YN will be there.
- Upcoming Items for operating: Night of Nights, and Flight of the Bumblebees. Night of Nights is marking end of Commercial CW to ships at sea. Operations take place from location of KPH at Point Reyes, CA. (Now a Park/Museum.) Operating will be as K6KPH. Flight of the Bumblebees encourages portable operations at slower speeds. Idea is to get out to use battery/portable operations (off the AC Mains.)

New Business:

- Working on Callaway Readiness Festival.
    - Previous discussion about getting a new banner.
    - Steve has a new banner.

Discussion:

- Next Meeting at Cole County Sheriff's Office Meeting Room on 13 Aug 2026.
- Discussion about Vibroplex Keyer from Tom Hammond and Jerry Kelly.
